PROFESSIONAL EXPERIENCE

Ernst & Young

CBS Intern

Chicago, IL

June 2026 – August 2026

- Supported engagement teams by preparing, reviewing, and maintaining financial workpapers and client documentation in accordance with firm standards.
- Collaborated with cross-functional teams to organize project deliverables, ensuring timely completion of multiple client engagements while meeting deadlines.
- Analyzed financial data using Microsoft Excel and EY technologies to improve accuracy, identify discrepancies, and support informed decision-making.
- Communicated with team members and stakeholders to resolve issues, track project progress, and maintain efficient workflows in a fast-paced professional environment.
- Maintained organized financial records and supporting documentation to help engagement teams complete work accurately and efficiently.
- Managed multiple assignments and competing deadlines while maintaining accuracy and following established firm procedures.

John Deere

Accounting Student (Part-Time)

Moline, IL

July 2025 – June 2026

- Assisted with month-end closing tasks, ensuring accuracy and timeliness of financial records in accordance with company procedures.
- Performed cost and price analysis to validate product pricing and support decision-making for profitability and cost control.
- Utilized Excel and Power BI to manage and analyze financial data, generate reports, and identify pricing or cost discrepancies.
- Reviewed financial information and reports to support month-end activities and help ensure data was complete and accurate.
- Worked with accounting and financial data to identify variances and provide information used to support cost control and business decisions.

Walmart

Digital Shopper

Silvis, IL

June 2022 – July 2025

- Conducted weekly inventory checks for over 1,000 SKUs, ensuring stock levels were 100% accurate for digital orders.
- Processed 150+ online orders per shift with a 98% accuracy rate, minimizing order errors and customer complaints.
- Reduced discrepancies in inventory records by 20% through meticulous cross-referencing and digital tracking.
- Collaborated with 5+ departments to streamline digital order workflows, resulting in a 30% increase in order processing speed.
- Balanced speed and accuracy while handling high-volume digital orders and responding to customer needs in a fast-paced environment.
